TASTING LIST

MULLINEUX

Andrea Mullineux

Winemaker and Owner

After studying Viticulture and Oenology at UC Davis, and completing a handful of harvests in the Napa Valley, Andrea worked in Stellenbosch, and then in Chateaufort. Andrea's love for South African wine brought her back to South Africa where she learnt that her

compatibility extended into the vineyards and cellar. In 2014 Andrea was invited to join the Cape Winemakers Guild and in 2016 she was awarded International Winemaker of the Year by Wine Enthusiast. Mullineux Family Wines was established in 2007, and was owned and managed by Andrea Mullineux and her brother.

"The most important thing for a winemaker is to have is a good palate, but a little bit of brawn is very useful. I love being a female winemaker and express my femininity outside of the cellar."
